## ABOUT ME

As an ambitious, goal-oriented Business Administration graduate with 3+ years of experience as a Finance Analyst, I am passionate about the fields of data and finance. Skilled in financial reporting, stakeholder collaboration in multicultural environments, and driving process improvements, with a commitment to delivering efficient, impactful results through strong analytical expertise.

## WORK EXPERIENCE

### ***Webandcrafts Technology Solutions PVT Ltd***

**Country**: India

[ 02/03/2022 – 31/10/2024 ] **Finance Analyst**

- Drove Global financial forecasting process, including stakeholder alignment, process cycle governance, and timeline management.
- Led digital transformation initiatives for FP&A processes, ensuring compliance while improving reporting efficiency and transparency.
- Deliver Management reports to Executive stakeholders, enabling performance-driven decisions across channels.
- Refined budgeting and long-term financial planning to support organizational goals and reduced OpEx.
- Designed dynamic Power BI dashboards integrated with SAP, replacing static Excel reports and enabling real-time financial insights.
- Scrutinized general ledger entries, ensuring accurate cost allocation and adherence to financial controls.
- Reporting financial KPIs to controllers by monitoring and comparing actual performance against established benchmarks.
- Collaborated cross functionally for continuous process improvement while adhering to corporate policies.

### ***Vajra Rubber Products***

**Country**: India

[ 01/08/2021 – 28/02/2022 ] **Finance Intern**

- Perform financial statement finalization by conducting quality checks and identifying discrepancies and improvement opportunities.
- Assisted in budget and forecast planning cycles, ensuring timely and accurate system uploads.
- Collaborated with cross-functional teams to enhance strategic planning processes

- Contributed to improved KPI tracking and ensured alignment with SLA commitments.
- Developed spreadsheet automation tools to streamline manual workflows and increase efficiency.
- Spearheaded post-implementation evaluations to refine analysis practices.
- Supported SAP financial master data harmonization as part of a broader data governance initiative
